

## ILHA DA MADEIRA *Natural Agricole Rel. 2017*

*Appearance*    *Transparent, crystal clear.*

*Nose*            *Initial maritime attack, with slightly sour notes: green olives in brine, yoghurt, wet grass. All the vegetable notes of sugarcane, with a fresh and balsamic touch.*

*Palate*           *Robust but rounded, with the sweetness of the canes on the forefront, then growing on spicy and balsamic notes: mint, liquorice, cinnamon, white pepper. A hint of the vegetable and salty notes found at the nose.*

*Finish*            *Clean, peppery and vegetal. High persistence on notes of liquorice root.*

*Comment*        *Perfect for cocktails (maybe with a drop of vermouth), but its smoothness makes it interesting and not aggressive at all even straight or simply with ice cubes. Refreshing and minty.*
