

DEMERARA *23 y.o. 1990-2014*

Appearance Warm amber.

Nose Somehow similar in intensity to extra old Jamaican rums, then it becomes more winery, rich with dried grapes and musky notes. Sweet and deep.

Palate Elegant softness and chewy character. Medicinal herbs, coffee, cinchona, cola and cinnamon. Not overly sweet, thanks to the rich winery notes from the sherry.

Finish Warm, soft aftertaste, with winery and spicy notes and a fragrance like dried figs. This release too has echoes of Barolo Chinato or mulled wine.

Comment Even softer and more elegant than 1989-2012 release, with more marked oloroso sherry notes: it is very reminiscent of old Speyside whiskies.
