

## PANAMA *18 Sistema Solera Rel. 2016*

*Appearance*    *Deep amber, steering toward orange*

*Nose*            *Darker and more resinous than the previous release, always extremely sweet and with chestnut honey notes, but also characterized by oak and balsamic notes.*

*Palate*           *The sweetness of molasses is evident, without becoming too syrupy. Winery, with notes of raisins and chocolate, but the tannins from the oak provide a match to the sweetness.*

*Finish*            *Sweetness is always in the background, but the tannic and peppery character keeps growing. Notes of black tea and aromatic herbs.*

*Comment*        *A thick rum, soft and sweet, but with a great complexity from the oak casks. Easy to drink, but complex and deep, to be savoured slowly.*
